

Montgomery Estates Area 2 Erosion Control Project

Project Number	01.01.01.0047		
Action Priority	Reduce Stormwater Pollution From: Roads and Highways, Forest Roads, Public and Private Parcels		
Implementers	El Dorado County, CA		
Supporting Agencies	California Department of Water Resources, Tahoe Regional Planning Agency, U.S. Forest Service - Lake Tahoe Basin Management Unit		
Primary Contact	Donaldo Palaroan (donaldo.palaroan@edcgov.us)		
Stage	Completed	Duration	2008 - 2018
Total Project Cost	\$967,086	Funding Request	\$0

Stormwater Management Program ➤ Reduce Stormwater Pollution From: Roads and Highways, Forest Roads, Public and Private Parcels

Follow the preferred design approach for a residential erosion control project. Erosion source controls and stormwater treatment facilities associated with the roadway. Improvements will include revegetation of disturbed soils, drainage stabilization (e.g. paved gutters, rock lined channels), infiltration and sedimentation facilities (e.g. veg. treatment ponds and various sediment traps).

Targeted Performance Measures

No Expected Accomplishments provided

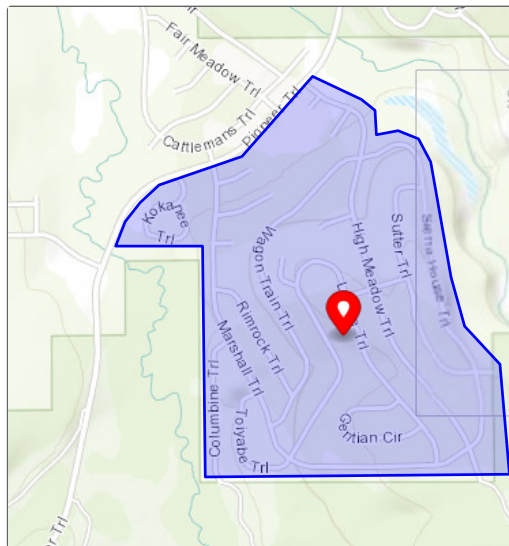

Threshold Categories

- Soil Conservation
- Water Quality
