

Gonowabie Road Slope Repair

Project Number	01.01.01.0081		
Action Priority	Reduce Stormwater Pollution From: Roads and Highways, Forest Roads, Public and Private Parcels		
Implementers	Washoe County, NV		
Supporting Agencies	Unknown or unspecified		
Primary Contact	Dave Solaro (dsolaro@washoecounty.gov)		
Stage	Completed	Duration	? - 2012
Total Project Cost	\$311,955	Funding Request	\$0

Stormwater Management Program ➤ Reduce Stormwater Pollution From: Roads and Highways, Forest Roads, Public and Private Parcels

This project will repair an existing retaining wall along Gonowabie Road in Crystal Bay, Nevada. This wall is located within the Crystal Bay Phase II Water Quality EIP project (which has been completed) and recently started to fail. The failing slope is located within 350 feet of Lake Tahoe and a complete slope failure would have a negative effect on water quality.

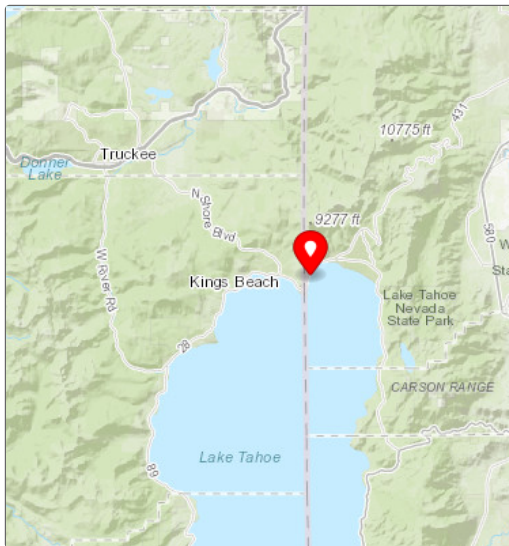

Targeted Performance Measures

No Expected Accomplishments provided

Threshold Categories

- Water Quality

Location

Installation of soil nails.

Targeted Funding

■ Secured Funding: Unknown or Unassigned, \$311,955

Photos

After

Completed slope repair.
