

Areawide Assessments and Drainage Master Planning

Project Number	01.01.01.0221		
Action Priority	Reduce Stormwater Pollution From: Roads and Highways, Forest Roads, Public and Private Parcels		
Implementers	City of South Lake Tahoe		
Supporting Agencies			
Primary Contact	Brianna Greenlaw (bgreenlaw@cityofslt.us)		
Stage	Planning/Design	Duration	2026 - 2050
Total Project Cost	\$1,500,000	Funding Request	\$800,000

Stormwater Management Program ➤ Reduce Stormwater Pollution From: Roads and Highways, Forest Roads, Public and Private Parcels

Update 2008/2009 drainage master plan to assess all areas of the City with lacking drainage infrastructure. Prioritize utilizing publicly owned parcels to install stormwater treatment basins and generate 30% design plans. Prioritize hydrologically connected areas with high pollutant loads for project planning and implementation. Complete analysis on existing and future drainage systems to determine if they can be utilized as areawide treatment.

Targeted Performance Measures

- Facilities Improved or Created

Threshold Categories

- Water Quality

Location

Targeted Funding

- Targeted Funding: City of South Lake Tahoe Gene... (CSLT), \$500,000
- Targeted Funding: Lake Tahoe Restoration Act (TRPA), \$300,000
- No Funding Source Identified
