<b>Primary Contact</b>	Dave Solaro (dsolaro@washoecounty.gov)		
<b>Stage</b>	Terminated	<b>Duration</b>	2007 - 2014
<b>Total Project Cost</b>	\$1,036,500	<b>Funding Request</b>	\$0

### Stormwater Management Program > Operate and Maintain Stormwater Infrastructure

This project includes Washoe County staff hours and dollars expended for the operations and maintenance of the storm water facilities in the Tahoe Basin. The activities include ditch and pipe cleaning, DI/MH/sediment can cleaning and repair, AC berm/C&G repair and installation, pipe repair and installation, erosion control, shoulder repair, vegetation control and debris removal. Street Sweeping is reported under that project. Maintstar report with hours and staff costs were available for 2014. Previous years are estimated.
