

## Marlette Lake Aquatic Invasive Species Risk Assessment

**Project Number** 01.03.01.0002  
**Action Priority** Prevent, Control, or Eradicate Aquatic Invasive Species  
**Implementers** Nevada Tahoe Resource Team  
**Supporting Agencies** Unknown or unspecified  
**Primary Contact** Meredith Gosejohan (mgosejohan@lands.nv.gov)

**Stage** Completed  
**Duration** ? - 2013  
**Total Project Cost** \$75,739  
**Funding Request** \$0

### Aquatic Invasive Species Program > Prevent, Control, or Eradicate Aquatic Invasive Species

This project employed UNR limnologists to investigate limnological characteristics and potential for aquatic invasive species at Marlette Lake. Final product will include a comprehensive report of their results, as well as a basic monitoring plan that can be implemented in the future.
