Stage Completed
Duration 2012 - 2017
Total Project Cost \$115,607
Funding Request \$0

Community Wildfire Protection Program ➤ Reduce Hazardous Fuels

The SNPLMA 13 Fairway forestry project involves cutting of trees that were marked under the guidance of a RPF for forest health and fuel reduction efforts. The project was implemented by hand crews cutting designated trees and brush. The project is split into two phases, the first being the cutting of designated trees and brush and the second being the burning of the piles. The project is located in the north shore of Lake Tahoe. \$115,607 = Round 13
