

Forestry - Lakeview Fuel Reduction

Project Number 02.01.01.0069
Action Priority Reduce Hazardous Fuels
Implementers California Tahoe Conservancy
Supporting Agencies Unknown
Primary Contact Whitney Brennan (whitney.brennan@tahoe.ca.gov)

Stage	Terminated	Duration	2015 - 2023
Total Project Cost	\$42,000	Funding Request	Unknown

Community Wildfire Protection Program > Reduce Hazardous Fuels

Forestry - Lakeview Fuel Reduction is approx. 12 acres of forest health and fuels reduction work on the west shore of Lake Tahoe. The Lakeview forestry project involves cutting of trees that were marked under the guidance of a RPF for forest health and fuel reduction efforts. The project was implemented by hand crews cutting designated trees and brush. The project is split into two phases, the first being the cutting of designated trees and brush and the second being the burning of the piles. The project is located in the west shore of Lake Tahoe.
