

## Forestry - Fallen Leaf Fuelbreak

<b>Project Number</b>	02.01.01.0072
<b>Action Priority</b>	Reduce Hazardous Fuels
<b>Implementers</b>	California Tahoe Conservancy
<b>Supporting Agencies</b>	Unknown
<b>Primary Contact</b>	Whitney Brennan (whitney.brennan@tahoe.ca.gov)

<b>Stage</b>	Terminated	<b>Duration</b>	2015 - 2023
<b>Total Project Cost</b>	\$75,000	<b>Funding Request</b>	Unknown

### Community Wildfire Protection Program > Reduce Hazardous Fuels

*No Key Photo provided for this Project*

Forestry - Fallen Leaf Fuelbreak - fuels treatment on Conservancy land in the Fallen Leaf Lake area. This project has been terminated because it has been merged with another large forestry effort. Project is not in a SNPLMA 16 focus area. The Fallen Leaf Fuelbreak forestry project involves cutting of trees that will be marked under the guidance of a RPF for forest health and fuel reduction efforts. The project will be implemented by hand crews cutting designated trees and brush. The project is split into two phases, the first being the cutting of designated trees and brush and the second being the burning of the piles. The project is located in the south shore of Lake Tahoe.

### Targeted Performance Measures

- Acres of Forest Fuels Reduction Treatment

### Threshold Categories

- Vegetation Preservation

### Location

### Targeted Funding
