Stage	Completed	Duration	2009 - 2019
Total Project Cost	\$160,000	Funding Request	\$0

Community Wildfire Protection Program > Reduce Hazardous Fuels

No Key Photo provided for this Project

The Tahoe Village Fuels Reduction Project was a 57 acre forest thinning and fuels reduction project located on undeveloped land west of the Tahoe Village HOA community. The project was originally funded by FEMA. The environmental compliance was completed as a part of the Environmental Assessment completed for the FEMA projects. The funding source was switched to U.S. Forest Service funding so that pile burning could be utilized to dispose of slash.

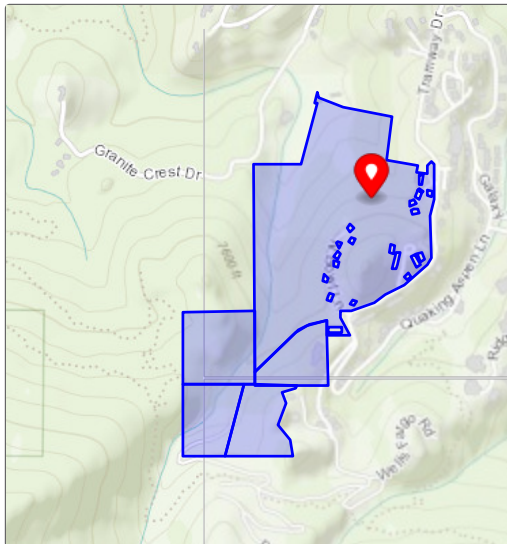

Targeted Performance Measures

- Acres of Forest Fuels Reduction Treatment

Threshold Categories

- Vegetation Preservation

Location

Targeted Funding

■ Secured Funding: U.S. Forest Service (USFS - LTBMU), \$160,000
