

Highway 50 Fuels Reduction Project

Project Number	02.01.01.0092
Action Priority	Reduce Hazardous Fuels
Implementers	Tahoe Douglas Fire Protection District
Supporting Agencies	Unknown or unspecified
Primary Contact	Keegan Schafer (kschafer@tahofire.com)

Stage	Completed	Duration	2015 - 2019
Total Project Cost	\$286,000	Funding Request	\$0

Community Wildfire Protection Program > Reduce Hazardous Fuels

This project reduced the risk of catastrophic fire and resulting damage to communities by reducing wildland fuels within the Wildland Urban Interface (WUI). The project areas were all located within the Defense Zone of the Tahoe Douglas Fire Protection District WUI and are all immediately adjacent to U.S. Forest Service Lands that have been treated. The project was composed of 138 acres over 6 units. The largest unit was a 100 acre property located between the communities of Round Hill and Zephyr Heights. The other units average 7 acres and was located within communities along Highway 50 from Stateline to near Glenbrook.

Targeted Performance Measures

- Acres of Forest Fuels Reduction Treatment

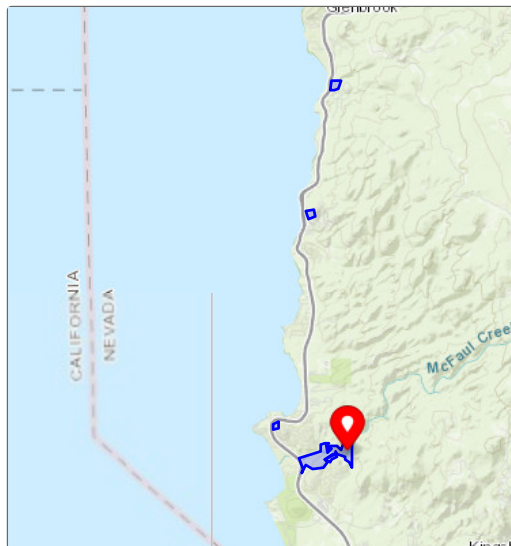

Threshold Categories

- Vegetation Preservation
- Wildlife

Burning along HWY 50 corridor
