

## Lake Tahoe West Landscape-Scale Restoration Partnership

<b>Project Number</b>	02.01.01.0119		
<b>Action Priority</b>	Reduce Hazardous Fuels		
<b>Implementers</b>	U.S. Forest Service - Lake Tahoe Basin Management Unit		
<b>Supporting Agencies</b>	California Tahoe Conservancy, U.S. Bureau of Land Management, U.S. Forest Service - Lake Tahoe Basin Management Unit		
<b>Primary Contact</b>	Brian Garrett (brian.garrett@usda.gov)		
<b>Stage</b>	Planning/Design	<b>Duration</b>	2015 - 2040
<b>Total Project Cost</b>	\$7,760,100	<b>Funding Request</b>	\$0

### Community Wildfire Protection Program > Reduce Hazardous Fuels

The National Forest Foundation (NFF), the USDA Forest Service - Lake Tahoe Basin Management Unit (LTBMU), and the California Tahoe Conservancy (CTC) have launched the Lake Tahoe West Collaborative to develop and implement a multi-jurisdictional, landscape-scale strategy that will restore and protect more than 60,000 acres on the California side of the Tahoe Basin, from Emerald Bay to Crystal Bay. This large-scale planning effort will be grounded upon input from key stakeholders and scientifically derived decision-support models incorporating water quantity/quality, carbon sequestration, climate change, fire and fuels, and wildlife habitat.

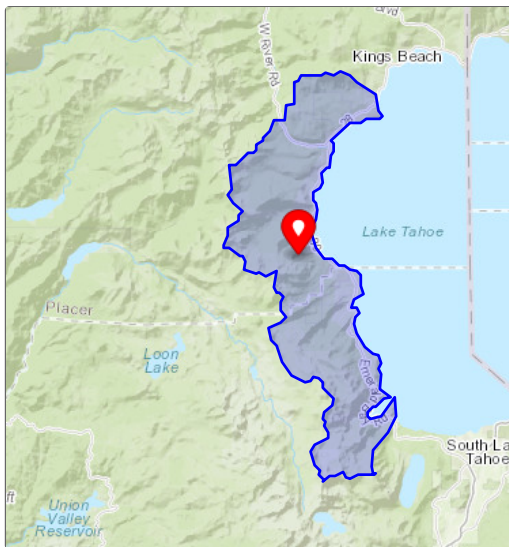

#### Targeted Performance Measures

- Acres of Forest Fuels Reduction Treatment

#### Threshold Categories

- Vegetation Preservation
- Wildlife

#### Location

Tree Mortality on West Shore

#### Targeted Funding

- Secured Funding: Proposition 1 (CTC), \$1,248,100
- Secured Funding: Southern Nevada Public Land Ma... (BLM), \$2,992,730
- Secured Funding: U.S. Forest Service (USFS - LTBMU), \$900,000
- No Funding Source Identified
