

WUI Fuels Reduction for the Alpine Peaks Firewise Neighborhood

Project Number	02.01.01.0133		
Action Priority	Reduce Hazardous Fuels		
Implementers	North Tahoe Fire Protection District		
Supporting Agencies			
Primary Contact	April Shackelford (shackelford@ntfire.net)		
Stage	Terminated	Duration	2022 - 2028
Total Project Cost	\$150,000	Funding Request	\$150,000

Community Wildfire Protection Program > Reduce Hazardous Fuels

The project will create and improve a fuels reduction halo around the Alpine Peaks neighborhood located along Ward Canyon on Tahoe's West Shore. The project utilizes funding from the Lake Tahoe Restoration Act and will be taking place entirely on land managed by the US Forest Service. The project will reduce hazardous fuels and promote forest health on urban lots and on land that is 200-300' from homes in the neighborhood.
