

CWPP Update Project Prioritization Support

Project Number	02.01.01.0137		
Action Priority	Reduce Hazardous Fuels		
Implementers	Tahoe Resource Conservation District		
Supporting Agencies	California Tahoe Conservancy		
Primary Contact	Mike Vollmer (mvollmer@tahoercd.org)		
Stage	Planning/Design	Duration	2023 - 2026
Total Project Cost	\$470,700	Funding Request	\$0

Community Wildfire Protection Program > Reduce Hazardous Fuels

Tahoe RCD will manage and support risk assessments that will be used in project prioritization to increase the pace and scale of project planning in the Lake Tahoe Basin (Basin). This work will further the Tahoe Fire and Fuels Team (TFFT) and Basin partner efforts to identify and prioritize forest health and fuel reduction treatment projects. These risk assessments and project prioritization are critical components for completing the Community Wildfire and Protection Plan (CWPP) update, a multi-jurisdictional fuels reduction strategy.
