

Tahoe Fire and Fuels Team Coordinator and Capacity Building

Project Number	02.01.01.0142		
Action Priority	Reduce Hazardous Fuels		
Implementers	Tahoe Resource Conservation District		
Supporting Agencies			
Primary Contact	Mike Vollmer (mvollmer@tahoercd.org)		
Stage	Planning/Design	Duration	2024 - 2026
Total Project Cost	\$600,000	Funding Request	\$600,000

Community Wildfire Protection Program > Reduce Hazardous Fuels

This project is intended to build capacity and support for the Basin-wide Tahoe Fire and Fuels Team (TFFT) by providing a full-time TFFT Program coordinator. The TFFT is based on partner participation and has seen better success when there is a dedicated coordinator. The TFFT Coordinator will provide full-time, focused support to the TFFT and its members. The TFFT Coordinator will work under the direction of the TFFT Incident Commander, coordinate and facilitate meetings, prepare and deliver grant proposals for member agencies, be the liaison to the Multi-Agency Coordinating Committee (MAC), and maintain TFFT project data including updating the Lake Tahoe EIP Project Tracker.
