

Truckee-Tahoe Regional BurnBot Pilot

Project Number	02.01.01.0144		
Action Priority	Reduce Hazardous Fuels		
Implementers	North Lake Tahoe Fire Protection District		
Supporting Agencies	Martis Fund, Tahoe Fund, Tahoe Truckee Community Foundation, U.S. Forest Service - Lake Tahoe Basin Management Unit		
Primary Contact	Caitlin Meyer (cmeyer@tahoe fund.org)		
Stage	Planning/Design	Duration	2023 - 2024
Total Project Cost	\$100,000	Funding Request	\$0

Community Wildfire Protection Program > Reduce Hazardous Fuels

No Key Photo provided for this Project

A broad coalition of stakeholders, including the Tahoe Fund, North Lake Tahoe Fire Protection District, Tahoe Fire & Fuels Team, Martis Fund, and the Tahoe Truckee Community Foundation, are bringing BurnBot to Tahoe to pilot and showcase its potential to help increase the pace and scale of forest health treatments safely and effectively. We hope this two-part pilot will lead to the incorporation of BurnBot into our regional forest health and wildfire prevention strategy. BurnBot provides remote-operated, tech-driven systems for both mastication and prescribed burns that make each process faster, safer and easier to carry out.

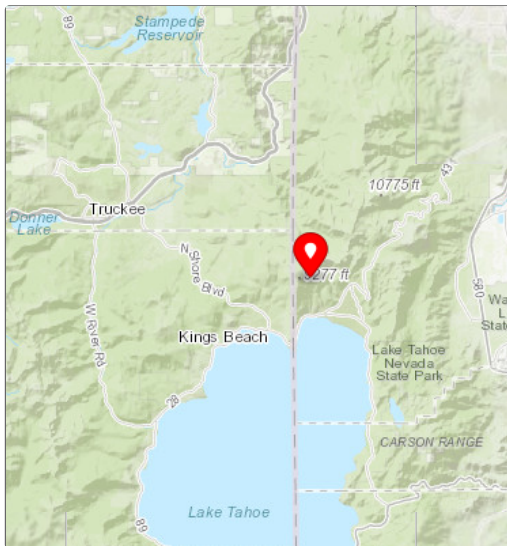

Targeted Performance Measures

- Acres of Forest Fuels Reduction Treatment
- People Served

Threshold Categories

- Vegetation Preservation

Location

Targeted Funding

- Secured Funding: Lake Tahoe Restoratio... (USFS - LTBMU), \$50,000
- Secured Funding: Martis Fund (Martis Fund), \$12,500
- Secured Funding: Tahoe Fund (Tahoe Fund), \$31,500
- Secured Funding: Tahoe Truckee Community Found... (TTCF), \$6,000
