

## Kingsbury Shaded Fuel Break

Project Number	02.01.01.0148
Action Priority	Reduce Hazardous Fuels
Implementers	Tahoe Douglas Fire Protection District
Supporting Agencies	U.S. Forest Service - Lake Tahoe Basin Management Unit
Primary Contact	Keegan Schafer (kschafer@tahoe-fire.com)

Stage	Implementation	Duration	2024 - 2026
Total Project Cost	\$150,000	Funding Request	\$150,000

### Community Wildfire Protection Program > Reduce Hazardous Fuels

*No Key Photo provided for this Project*

The Tahoe Douglas Fire Protection District will treat approximately 16 acres of US Forest Service lands of the Upper Kingsbury Area to the East of Andria Street . Treatment will consist of hand treatment, prescribed burning, and forest fuels mastication to create a "Shaded Fuel Break" as defined by the National Wildfire Coordinating Group; Fuel breaks built in timbered areas where the trees and brush on the break are thinned and pruned to reduce the fire potential yet retain enough crown canopy to make a less favorable microclimate for surface fires.

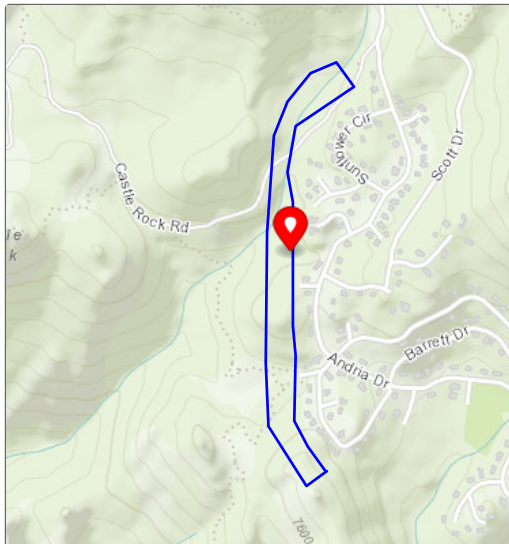

#### Targeted Performance Measures

- Acres of Forest Fuels Reduction Treatment

#### Threshold Categories

- Recreation
- Vegetation Preservation

#### Location

#### Targeted Funding

- Secured Funding: Southern Nevada Publi... (USFS - LTBMU), \$150,000
- Targeted Funding: Southern Nevada Publi... (USFS - LTBMU), \$150,000
