

Washoe Tribe Rx and Cultural Burning Capacity Building Grant

Project Number	02.01.01.0156		
Action Priority	Reduce Hazardous Fuels		
Implementers	Washoe Tribe of Nevada and California		
Supporting Agencies	U.S. Forest Service - Lake Tahoe Basin Management Unit		
Primary Contact	Cale Pete (cale.pete@washoetribe.us)		
Stage	Planning/Design	Duration	2025 - ongoing
Total Project Cost	\$1,500,000	Funding Request	\$300,000

Community Wildfire Protection Program > Reduce Hazardous Fuels

The Washoe Tribe is seeking to increase stewardship for forest health in the Tahoe Basin and supporting partners with providing an extra workforce to build capacity. The Tribe seeks to increase cultural burning to protect cultural and medicinal resources, reduce fuel loads on Washoe Tribal parcels in the basin and along streams of importance to the Washoe Tribe to protect and increase Lahontan Cutthroat Trout populations.

No Key Photo provided for this Project

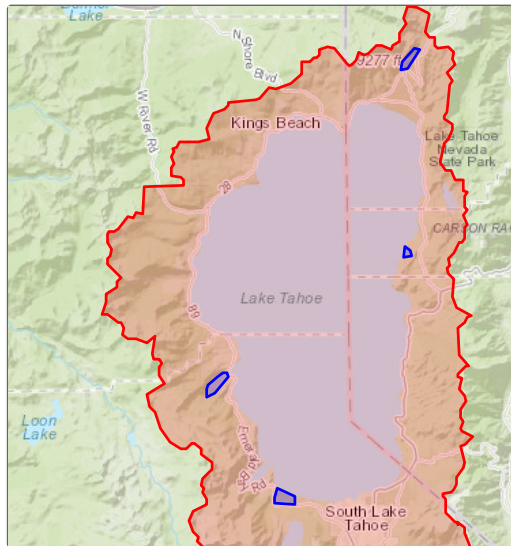

Targeted Performance Measures

- Acres of Forest Fuels Reduction Treatment
- Acres of Habitat Protected
- Acres of Habitat Restored or Enhanced
- Acres of SEZ Restored or Enhanced

Threshold Categories

- Air Quality
- Fisheries
- Vegetation Preservation
- Water Quality

Location

Targeted Funding

■ Secured Funding: Good Neighbor Authori... (USFS - LTBMU), \$1,200,000
■ Targeted Funding: Lake Tahoe Restoratio... (USFS - LTBMU), \$300,000
