

Lake Tahoe Basin Fuel Load Reduction

Project Number	02.01.01.0169		
Action Priority	Reduce Hazardous Fuels		
Implementers	Placer County, CA		
Supporting Agencies	California Tahoe Conservancy		
Primary Contact	Lauren Catlin (lcatlin@placer.ca.gov)		
Stage	Planning/Design	Duration	2023 - 2026
Total Project Cost	\$400,000	Funding Request	\$0

Community Wildfire Protection Program > Reduce Hazardous Fuels

Reduce wildland fire fuels across 46 parcels owned by Placer County (53 acres total). The parcels are spread across the WUI area from the CA/NV state line to the Placer County/ El Dorado County line. This project will contribute to community safety and wildfire resilience by hand thinning vegetation, removing ladder fuels, removing hazardous trees, and reducing the buildup of down woody material. The project is funded by the California Tahoe Conservancy.

810 Carnelian Circle

Targeted Performance Measures

- Acres of Forest Fuels Reduction Treatment

Threshold Categories

- Vegetation Preservation

Location

Targeted Funding

■ Secured Funding: California Tahoe Conservancy (CTC), \$658,457
