

Glenbrook Underground

Project Number	02.01.02.0015		
Action Priority	Implement Defensible Space on Public and Private Parcels and Utility Corridors		
Implementers	Glenbrook Underground, Inc		
Supporting Agencies			
Primary Contact	Dianne Felton (dd@glenbrookunderground.org)		
Stage	Implementation	Duration	2021 - 2026
Total Project Cost	\$16,500,000	Funding Request	\$16,500,000

Community Wildfire Protection Program ➤ Implement Defensible Space on Public and Private Parcels and Utility Corridors

Undergrounding of all power lines in our small community will enhance fire safety, improve reliability of service, improve the scenic quality of the neighborhoods, and reduce insurance costs. Homeowners will contribute to a 501.c3 with the sole environmental purpose of putting these lines underground in our small community.

Targeted Performance Measures

- Miles of Utility Lines Buried Underground

Threshold Categories

- Scenic Resources
- Vegetation Preservation

Powerlines along shoreline

Location

Targeted Funding

- Targeted Funding: Nevada Energy (NV Energy), \$4,000,000
- Targeted Funding: Private Property Owners (Private), \$12,500,000
