

## PROTECT - Resilience Improvement Plan and Regional Emergency Communications/Transportation Plan

**Project Number** 02.01.02.0022  
**Action Priority** Implement Defensible Space on Public and Private Parcels and Utility Corridors  
**Implementers** Tahoe Regional Planning Agency  
**Supporting Agencies** U.S. Federal Highway Administration  
**Primary Contact** kira smith (ksmith@trpa.gov)

**Stage** Planning/Design  
**Duration** 2025 - 2027  
**Total Project Cost** \$1,749,955  
**Funding Request** \$0

### Community Wildfire Protection Program ➤ Implement Defensible Space on Public and Private Parcels and Utility Corridors

A PROTECT Grant was awarded to TRPA from the FHWA in 2024. This grant will support the development of a Resilience Improvement Plan that assesses the Basin's transportation system's vulnerabilities in the face of wildfires, extreme winter weather events and other natural hazards. The project also will assess necessary upgrades to the region's communications infrastructure to ensure that transportation and utility entities, fire service, law enforcement, environmental organizations and community-based groups can benefit from an integrated, efficient, safe evacuation during emergencies.
