

TCPUD Fire Flow Capacity Improvements and Hydrant Installation, Phase I

Project Number 02.01.03.0010
Action Priority Upgrade Priority Water Infrastructure to Fight Catastrophic Wildfire
Implementers Tahoe City Public Utility District
Supporting Agencies Tahoe City Public Utility District, U.S. Forest Service - Lake Tahoe Basin Management Unit
Primary Contact Kim Boyd (kboyd@tcpud.org)

Stage Implementation **Duration** 2022 - 2023
Total Project Cost \$1,367,547 **Funding Request** \$0

Community Wildfire Protection Program > Upgrade Priority Water Infrastructure to Fight Catastrophic Wildfire

This Project provides improved fire flow capacity and fire hydrant coverage across the TCPUD water service areas. This phase occurs within the Dollar Point neighborhood, and will replace 1,500 linear feet of water mains and install additional 4 fire hydrants. The objective is to improve water supply enhancing fire protection capabilities on private, local, state, and federal lands by increasing fire flow volumes and coverage area.

Install new fire hydrant
