

Lake Forest Boat Ramp Restroom Replacement Project

Project Number	03.01.02.0127		
Action Priority	Improve Public Recreation Facilities		
Implementers	Tahoe City Public Utility District		
Supporting Agencies	California Natural Resources Agency, California Tahoe Conservancy, Tahoe City Public Utility District		
Primary Contact	Kim Boyd (kboyd@tcpud.org)		
Stage	Implementation	Duration	2022 - 2024
Total Project Cost	\$788,205	Funding Request	\$0

Sustainable Recreation Program > Improve Public Recreation Facilities

The project will support year-round enjoyment of the Lake Forest Boat Ramp property by replacing the existing, seasonal restroom with an upgraded and year-round, ADA compliant restroom. The new restroom will be a pre-fabricated building with upgraded materials and construction, including indoor plumbing and hydronic floor heating, single occupancy use, vandal resistant locking mechanisms, and refillable water stations.

Setting the building

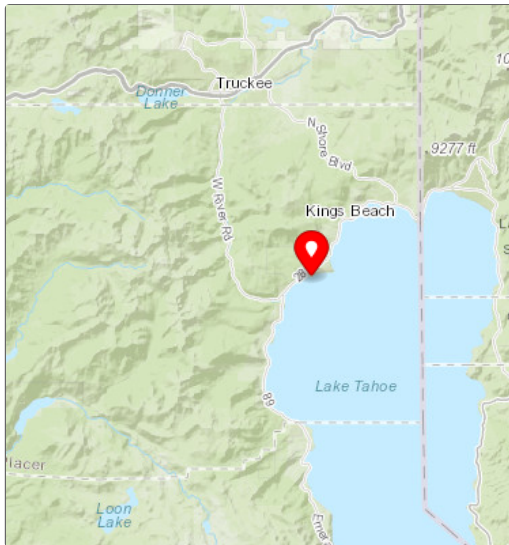

Targeted Performance Measures

- Facilities Improved or Created

Threshold Categories

- Recreation
