

South Shore Trail Access and Travel Management

Project Number 03.02.02.0047
Action Priority Build and Enhance Trail Networks
Implementers U.S. Forest Service - Lake Tahoe Basin Management Unit
Supporting Agencies Unknown
Primary Contact Brian Garrett (brian.garrett@usda.gov)

Stage Terminated
Duration 2018 - 2020
Total Project Cost \$2,250,000
Funding Request Unknown

Transportation Program > Build and Enhance Trail Networks

This project includes plan development, final design, implement best management practices on trails on National Forest System lands, field layout and reconstruction of existing trails as identified in the Fallen Leaf Lake Trail ATM environmental analysis, layout and reconstruction of the Pope/Baldwin Bike Path National Recreation Trail, field layout and reconstruction of the Taylor Creek Bridge at the Fallen Leaf Lake Dam. The trail would be rerouted to provide a buffer from the highway consistent with AASHTO standards and would widen the pavement to 10 feet with 2 foot aggregate shoulders as identified in the environmental analysis.
