

SLT Bikeway Realignment and Restoration at Link Road

Project Number 03.02.02.0109
Action Priority Build and Enhance Trail Networks
Implementers California Tahoe Conservancy
Supporting Agencies Unknown
Primary Contact Scott Cecchi (scott.cecchi@tahoe.ca.gov)

Stage Planning/Design
Duration 2025 - 2032
Total Project Cost \$6,000,000
Funding Request Unknown

Transportation Program > Build and Enhance Trail Networks

Relocate a section of the South Lake Tahoe Bikeway out of the Upper Truckee Marsh and into the adjacent uplands in the vicinity of Link Road and create a direct connection to Sussex Avenue. This project will allow for significant SEZ and Wetland restoration and formalize a heavily trafficked native surface route that is much more direct. The existing alignment was intended to be temporary until acquisitions were completed.

SLT Bikeway existing alignment and realignment concept in Link Road vicinity.

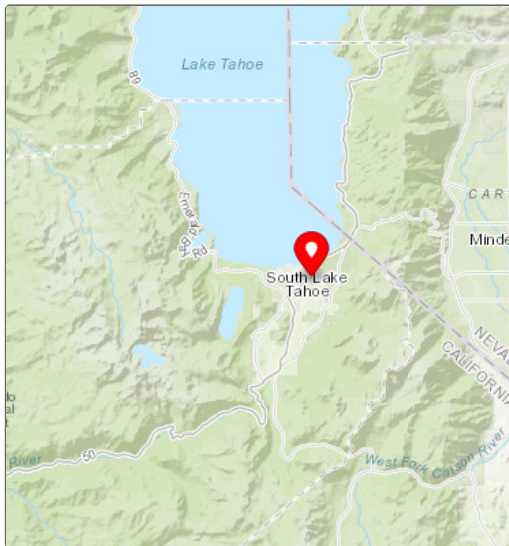

Targeted Performance Measures

- Acres of SEZ Restored or Enhanced
- Miles of Pedestrian and Bicycle Routes Improved or Constructed

Threshold Categories

- Recreation
- Vegetation Preservation
- Wildlife
- Scenic Resources
- Water Quality

Location

Targeted Funding

■ No Funding Source Identified
