### Transportation Program > Build and Enhance Trail Networks

The South Tahoe Greenway - Elks Club Drive to Johnson Meadow Project will build upon the overall South Tahoe Greenway shared use path network through the south shore of Lake Tahoe. The project aims to construct approximately 4.3 miles of a Class 1 shared use path in the community of Meyers. The Project will provide active transportation users a critical link from the Elks Club Drive towards Johnson Meadow, just north of Lake Tahoe Airport and towards the City of South Lake Tahoe.
