Transportation Program > Operate and Maintain Transit Systems

No Key Photo provided for this Project

This project continues the existing TTD transit service. Additional service is added to the neighborhoods of the City of South Lake Tahoe. The core services on the south shore would expand to operate until midnight. A circulator in the Tourist Core will be started, along with additional capacity and frequency to the seasonal routes serving Heavenly's California Base Lodge, Emerald Bay, Nevada State Beach, and Zephyr Cove Resort. Commuter options are expanded with a direct route from Carson City to Stateline via Spooner Summit.
