

## USGS Lake Tahoe Website Modernization

<b>Project Number</b>	04.01.02.0030		
<b>Action Priority</b>	Implement Programmatic Monitoring and Reporting		
<b>Implementers</b>	U.S. Geological Survey		
<b>Supporting Agencies</b>	U.S. Forest Service - Lake Tahoe Basin Management Unit, U.S. Geological Survey		
<b>Primary Contact</b>	Ramon Naranjo (rnaranjo@usgs.gov)		
<b>Stage</b>	Planning/Design	<b>Duration</b>	2019 - 2025
<b>Total Project Cost</b>	\$90,000	<b>Funding Request</b>	\$200,000

### Science Program > Implement Programmatic Monitoring and Reporting

*No Key Photo provided for this Project*

Recognized as a trusted and unbiased source of data, the USGS is in a unique role as a non-management agency in the Lake Tahoe Basin. The development of an interactive website for the Lake Tahoe Basin is needed to highlight data collection efforts in the Basin and provide a single website to visualize and explore hydrologic data. The project was originally funded by the by the USFS (2019-20) to develop the online real-time tool located here: <https://webapps.usgs.gov/laketahoemap/>. In 2022, the USGS received SPLMA funding to enhance the tool with satellite derived data. Project is expected to be completed in 2025.

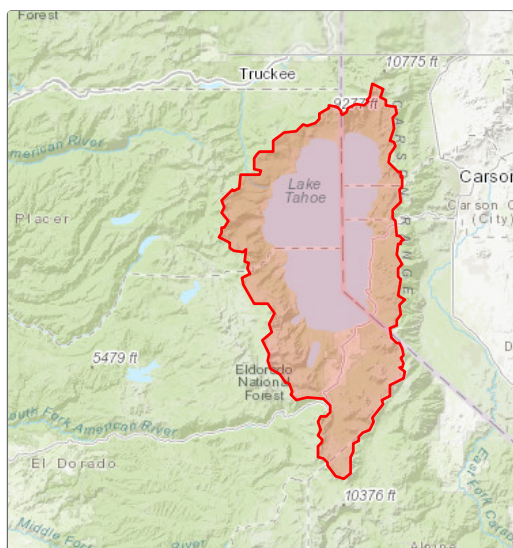

### Targeted Performance Measures

*No Expected Accomplishments provided*

### Threshold Categories

- Fisheries
- Recreation
- Soil Conservation
- Water Quality

### Location

### Targeted Funding

- Secured Funding: Southern Nevada Public Land M... (USGS), \$200,000
- Secured Funding: U.S. Forest Service (USFS - LTBMU), \$75,000
- Targeted Funding: U.S. Forest Service (USFS - LTBMU), \$200,000
