

## Tahoe Climate Resilience Dashboard

Project Number	04.01.02.0049		
Action Priority	Implement Programmatic Monitoring and Reporting		
Implementers	Tahoe Regional Planning Agency		
Supporting Agencies	California Tahoe Conservancy		
Primary Contact	Devin Middlebrook (dmiddlebrook@trpa.gov)		
Stage	Completed	Duration	2023 - 2024
Total Project Cost	\$135,000	Funding Request	\$0

### Science Program > Implement Programmatic Monitoring and Reporting

The Climate Resilience Dashboard will serve as a local reporting tool that tracks metrics relating to climate resilience in the Lake Tahoe Basin. The metrics will help tell the story of climate resilience and engage the broader public in the conversation around climate action. It will build on previous work including the original Sustainability Dashboard, which predates the Lake Tahoe Info platform.
