

6 Mile Nevada State Lands SCUBA Clean-up

Project Number	04.02.01.0019		
Action Priority	Engage Communities in Environmental Stewardship		
Implementers	Clean up the Lake		
Supporting Agencies	Nevada Division of Environmental Protection, Nevada Tahoe Resource Team – Nevada Division of State Lands		
Primary Contact	Colin West (sadye@cleanupthelake.org)		
Stage	Completed	Duration	2020 - 2020
Total Project Cost	\$52,237	Funding Request	\$0

Stewardship Program > Engage Communities in Environmental Stewardship

This pilot project was implemented to allow Clean Up The Lake to further investigate the submerged litter present below the surface of Lake Tahoe via SCUBA divers and a team of other volunteers. The skills, knowledge and procedures acquired through this pilot project will contribute to the success of the upcoming 72-mile Lake Tahoe SCUBA enabled clean-up.

Litter removed from South of Sand Harbor

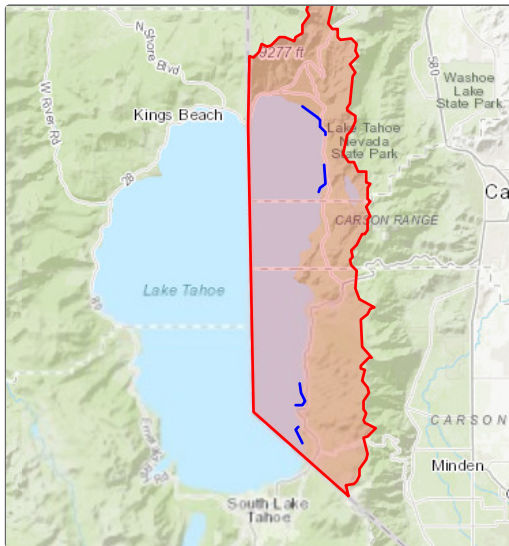

Targeted Performance Measures

No Expected Accomplishments provided

Threshold Categories

- Recreation
- Water Quality
- Scenic Resources
- Wildlife

Location

Targeted Funding

■ Secured Funding: Nevada Division of Environmen... (NDEP), \$15,000
■ Secured Funding: Nevada Land Bank (NDSL), \$37,237
